

YACHT-POOL-General Conditions (AGB) for CHARTERINSURANCE 03

EU CS 20180718

This document is a translation. In case of doubt, the German original version applies.

§ 1 Base of Coverage

1. The general provisions on charter insurance apply to all charter insurance offered by YACHT-POOL.
2. Charter Insurances are:
 - Skipper-Liability Insurance with Seizure Insurance
 - Skipper- Accident Insurance
 - Skipper-Legal Expenses
 - Charter-Deposit Insurance
 - Charter-Consequential Damage Insurance
 - Charter-Cancellation Insurance
3. Charter insurance is based on the written charter contract (maximum trip duration of 4 weeks per charter contract) for water sports vehicles used for private purposes. If there is no charter contract, the insurance can be completed after consulting YACHT-POOL. In such cases, you will receive the YACHT-POOL Privat-Charter Agreement, which must be submitted to and accepted by YACHT-POOL.
4. The skipper must be the policyholder. Co-insured by the skipper are the crew members. If the policyholder is not a skipper, there is no insurance coverage for the corresponding charterer's cruise. Any special agreements must be noted in the policy.
5. The insurance does not apply to skipper and his crew who operate a ship commercially or for other monetary benefits. A hedge is separately available on request and must be noted in the policy.
6. Only the services and insurance coverages agreed upon by the policyholder in the application apply. An increase in the insured sum during the contract period is possible after consultation (except for charter cancellation insurance).
7. The insurance can be completed at any time before the charter starts.
8. The insurance is valid from receipt of the premium (see §2 article 1). If the policyholder is not responsible for the non-payment, then there is insurance coverage even without access to money.
9. Charter insurance has worldwide coverage except in the following regions: U.S.A., Canada and Australia. On request, additional coverage of the above-mentioned countries is possible.
10. Subsidiarity: Other insurances, in particular water sports liability insurance, are advancing YACHT-POOL insurances.

§ 2 General contractual arrangements

1. Payment of the premium
 - a) With debit authorization of the premium:
Insurance cover is provided (subject to the cover of the account) regardless of the time of actual debiting. b) For payment by invoice: The premium must be paid before the start of the charter. Otherwise, the insurance cover cannot be guaranteed in the event of a claim. We therefore urgently request you to pay on time (at least 1 week before the start of the charter).
 - c) (optional) If paying by credit card: The conclusion of the insurance contract is possible at any time, but at the latest before the charter starts.
2. Insurance Contract
 - a) The insurance contract is concluded by the receipt of the insurance certificate.
 - b) The insurance is valid for 12 months from the date of commencement of the insurance and is automatically extended, except in the case of special agreements noted in the policy (e.g.: charter cancellation insurance, which ends at the end of the respective trip).
The decisive factor is therefore only the beginning and the end of the policy.
 - c) The period of notice is one month before the end of the insurance year, unless otherwise agreed.
3. Damages
 - a) Damages must be reported as soon as possible, but no later than 4 weeks after the occurrence of the damage, to your responsible YACHT-POOL representative office, where you have been insured. All necessary documents are to be submitted to us swiftly after the damage. Otherwise the damage payment can be forfeited.
 - b) The policyholder is obliged to provide all necessary documents and, in case of personal injury, to discharge the attending physicians from confidentiality on the instructions of the insurer.
 - c) If one of the aforementioned obligations or obligations specified in the individual insurance product is intentionally breached, the policyholder may lose his insurance cover. In the event of a grossly negligent breach of a duty, the insurer is entitled to reduce his performance in proportion to the seriousness of the policyholder's fault. If the policyholder proves that he did not violate the obligation by gross negligence, the insurance coverage will remain in place.
The insurance coverage will continue to exist if the policyholder proves that the violation of the obligation was not the cause for the occurrence or the determination of the insured event nor for the determination or the scope of the insurer's performance. This does not apply if the policyholder has fraudulently breached the

YACHT-POOL-General Conditions (AGB) for CHARTERINSURANCE 03
EU CS 20180718

obligation. The knowledge and the fault of the insured persons are equal to the knowledge and the fault of the policyholder.

d) Liability damages are always and immediately to be reported to the port captain, and according to the port captain also to the police. Otherwise the insurance cover can be omitted.

e) If an obligation of the charter contract and / or the yacht insurer is intentionally breached, the insurance cover may also be cancelled. In the case of a grossly negligent breach of a duty, the insurer is entitled to reduce its performance in proportion to the extent of the fault of the policyholder.

f) Regardless of § 2 Article 3 d, any damage must be reported immediately to the charter company. Failure to comply with that may result in that the insurance protection may be omitted in whole or in part.

4. Documents in case of damage

a) In case of claim we need the following documents: Charter contract, crew list, proof of deposit actually paid (credit card receipt, receipt), detailed cost statement of the charter company (invoice, cost estimate), detailed damage claims, signed by the skipper and crew and detailed (if available) damage report with pictures

b) Additional documents required in the event of a claim are noted in the respective insurance division or are requested

separately and must be submitted to YACHT-POOL. Otherwise the compensation payment can expire.

c) Authorized claims payments are made quickly!

5.1. Sanction clause for the insurer Zurich

Without prejudice to the other provisions of the contract, insurance coverage exists only to the extent and for which no economic, commercial or financial sanctions or embargos of the European Union or the Federal Republic of Germany directly applicable to the contracting parties are in conflict.

This also applies to economic, commercial or financial sanctions or embargoes issued by the United States of America with regard to Iran, insofar as this is not precluded by European or German legislation.

5.2. Sanction clause for the insurer AXA

Without prejudice to the other provisions of the contract, insurance cover exists only insofar and as long as no economic, commercial or financial sanctions or embargos of the European Union or the Federal Republic of Germany / Austria that are directly applicable to the contracting parties conflict. This also applies to economic, commercial or financial sanctions or embargoes issued by the United States of America with regard to Iran, insofar as this does not conflict with European or German / Austrian legislation.

CHARTER CONSEQUENTIAL DAMAGE-INSURANCE

This document is a translation. In case of doubt, the German original version applies.

1. Insured Risk

Insured is the legitimate financial loss suffered by the yacht owner or charter company due to the policyholder (skipper) chartering the yacht and, because by fault of the skipper or his crew, the yacht got damaged and cannot be used for the subsequent charter. The insurance provides its benefit if the charterer is obliged to pay damages:

1.1 due to statutory provisions or

1.2 due to the provisions of the charter contract, or

1.3 due to weather conditions (due to strong wind with peak gusts over 7 Bft) a harbor located on the way to the destination was entered or could not be left and therefore the yacht could not be returned on time, or

1.4 due to personal injury caused by accident, or

1.5 in acute illness with hospitalization, which does not enable the skipper and / or crew to return the vessel in time to the base. (In case of damage we need a medical certificate on the spot to regulate the damage in case of illness.)

2. Insured Persons

Insurance coverage is provided to the skipper as the policyholder and the respective crew members.

2.1 License Clause

If a regulatory authority permit is required to operate a water sport vehicle, the insurer will remain exempt from the obligation to perform the service if the responsible driver does not have the officially prescribed permit when the insured event occurs.

2.2 The obligation to perform remains if the skipper was allowed to assume the license without fault.

3. Provided Benefits

The insurer replaces the damage caused to the charterer by revenue shortfall in lost charter days. The insurer's assessment basis for the days of absence set out in point 1 corresponds to the daily rate resulting from the proportionate calculation of the yacht's pure charter (excluding additional services, such as flight costs etc.) in accordance with the charter contract of the subsequent charterer.

Days of absence include days for which the yacht was chartered prior to the occurrence of the claim and for which no yacht of the owner could be made available for alternative use.

Should the insured skipper be absent due to an accident, and there is no co-skipper to return the yacht to the base in time, the cost of a replacement skipper returning the yacht will be reimbursed as normal.

In the event of late return of the yacht due to accidental personal injury, weather-related circumstances (see section 1.3 - 1.5) or in case of acute illness with hospitalization, no deductible will be charged. In all other cases, the first 3 days of absence will not be replaced. The total performance is limited to: € 25,000, -

4. Not insured

4.1 The downtime of the yacht due to engine failure,

5. Obligations of the Policyholder

As proof of the damage occurred the following has to be provided:

5.1 Report of the damage signed by the skipper and all passengers of the yacht at the time of the damage event

5.2 Copy of the complete charter contract

5.3 Copy of the complete follow-up charter contract of the charterer, who was unable to take over the ship he had booked due to the damage

5.4 Report by the agency, or the charter company, to which vessel the subsequent charterer has been rebooked

5.5. Confirmation of the agency that it was not possible to transfer the booking to a suitable ship

5.6 License of the skipper

5.7 A meaningful weather report

6. Contract Component

are also the "General terms and conditions (GTC) to the charter insurance 03".

- 1.2 In the event of cancellation of the journey for the demonstrably incurred additional return travel costs and the other additional costs of the insured directly caused thereby, provided that arrival and departure are included in the insured arrangement; this also applies in the event of subsequent return. The reimbursement of these costs will be deducted in relation to the type and class of means of transport, accommodation and meals on the quality booked by the trip. If, contrary to the booked trip, the return journey by plane is required, only the cost of a seat in the simplest aircraft class will be reimbursed. Not covered are medical costs, costs for escorts and costs for the transfer of a deceased insured person. The insurer shall be liable to pay benefits in the amount of 1. if, as a result of one of the following important reasons, either the inability to travel of the insured person according to general life experience is to be expected or if the commencement of the journey or its scheduled termination can not reasonably be expected:
- 1.3 In the event of death, serious accident or unexpected serious illness of the insured, his or her spouse, children, parents, siblings, grandparents, grandchildren, parents-in-law, children-in-law or, if the journey was booked for 2 persons, also for the second person, provided he/she is also insured;
- 1.4 In case of vaccine intolerance of the insured person or, in the case of joint travel, of his spouse, minors or siblings of the insured person or of the parents of a minor insured and registered life partner, if the relative is also insured;
- 1.5 In the event of damage to the property of the insured or, in the case of joint travel, one of the insured's relatives referred to in 1.5 above as a result of fire, natural disasters or willful intent of a third party, if the damage is considerably large in proportion to the economic situation and assets of the insured person or if his presence is necessary to assess the damage.

2. Exclusions

The insurer is not liable:

- 2.1 For the dangers of war, civil war or war-like events, and those arising from the hostile use of war tools and the presence of war tools as a result of any of these dangers, political violence, riots, other civil unrest and nuclear energy.
- 2.2 The insurer is exempted from the obligation to pay if the policyholder was able to foresee the insured event at the time the

2.3 With resignation because of pregnancy and all associated complaints and illnesses.

3. Insured Value, Sum Insured, Deductible

The insurer is liable up to the amount of the insured sum minus deductible; If the demonstrably incurred additional return travel costs exceed the insured value, the insurer will also replace the amount exceeding the insured value less deductible.

3.2 For every insured event, the insured person carries a deductible. This is - unless otherwise agreed - determined to 20 %.

3.3 The insured withdrawal sum must not be lower than that agreed in the charter contract (plus any flights, if applicable), otherwise underinsurance exists. In this case, resignation damages shall only be regulated in proportion to the amount of the agreed charter resignation insurance at the charter amount agreed in the charter contract.

4. Obligations of the Policyholder and the Insured in case of Damage

The policyholder / insured is obliged to:

4.1 Notify YACHT-POOL without delay of the occurrence of the insured event and at the same time cancel the trip at the booking office or, in the case of the trip already started, with the tour operator;

4.2 to provide YACHT-POOL, as far as reasonable, any relevant information and to provide all necessary evidence of his own accord, in particular medical certificates of illness, accident, vaccine intolerance;

4.3 At the request of the insurer, release the doctors from confidentiality in relation to the insured event, insofar as this request can be legally fulfilled.

4.4 If the policyholder / insured violates one of the above-mentioned obligations, the insurer is released from the obligation to

5. Group of people (Crew)

The insurer is also liable for performance in the scope of point 1, if the risks according to the points 1.4 - 1.6 for the group of persons (crew) described in the insurance certificate have occurred. In the event of damage, the crew list with the names of the crew members submitted to the agency must be presented.

6. Absence of the Skipper/ Travel Cancellation

6.2 In the event of premature termination of the journey for one of the important reasons stated in points 1.4 - 1.6 for the unused portion of the costs of the charter, if a resale was not successful (absence of the skipper); This regulation applies only if the trip has to be canceled due to the failure of the skipper and no replacement skipper can be procured.

6.3 In the event of premature termination of the journey (crew member's failure) for one of the important reasons stated in points 1.4 - 1.6 for the unused portion of his pro rata charter costs. This share is calculated according to the quota or the actual personal costs of the persons on the crew list deposited with the respective charter company or YACHT-POOL.

7. Payment of Compensation

If the insurer's obligation to pay is determined on the merits and the amount, the compensation must be paid within 2 weeks.

What is to be considered?

! The yacht insurances apply to the use of a chartered water sports vehicle (hereinafter "yacht"), which is chartered based on a written charter contract and used for private purposes.

! The policyholder must be the skipper. Co-insured by the skipper are his crewmembers.

What is not insured?

We cannot insure all conceivable cases. Otherwise we would have to demand a considerably higher premium. Therefore, we have excluded some cases from the insurance coverage, for example:

- X For certain risks, you need a separate insurance. E.g. a for a non-private, a professional or commercial activity as a skipper.
- X Damage due to intentional action;
- X Damage that occurs when participating in motorboat races

Where am I insured?

Charter insurance is generally valid worldwide except in Australia, U.S.A., Canada and New Zealand. Optionally, a coverage for the aforementioned countries is possible on request.

What obligations do I have?

- Pay the insurance premiums in due time and in full so as not to endanger the insurance cover.
- The questions in the application must be answered truthfully and completely.

- Let us know if there are any changes to your original details in the offer or later during the term of the contract.

In case of damage

- Inform us about every claim immediately.
- You are required, as far as possible, to avert and mitigate the threat of damage.

When and how do I pay?

The contributions have to be paid annually. You can also give us a direct debit authorization – as usually done. If you give us a direct debit authorization, please provide sufficient funds on your account, otherwise the coverage is endangered.

When does the coverage begin and end?

The contract is concluded for the time specified in the insurance policy. Please note that the insurance coverage does not start until the first premium has been paid within two weeks of receiving the insurance certificate. In case of a direct debit authorization, coverage is independent from the time of transfer. With a contract period of at least one year, the contract is extended by one year each year, if we have not received your notice of cancellation at least one month before the end of the respective insurance year.

How can I cancel the contract?

You or we may terminate the contract with a notice period of one month from the anniversary date of commencement. In addition, you and us have further termination rights. This includes e.g. the right that you or we can terminate the contract early if we have provided a service.
