You will find the corresponding insurance provider for each insurance product in your offer.

This summary of the essential contents of our yacht insurances offers you an initial overview (not a complete presentation). Comprehensive information on the product - so-called contractual provisions - are contained in the insurance documents (application, insurance certificate, additional agreements, consumer information and insurance conditions).

Please note that this overview does not replace any advice or reading of the contract terms.

What kind of insurance is it?

PROFESSIONAL SKIPPER INSURANCE

The following section is valid for all products.

YACHT-POOL
INTERNATIONAL

What is to be considered?

! The yacht insurances apply to the use of a chartered (unless otherwise agreed) water sports vehicle (hereinafter "yacht"), which is chartered based on a written charter contract and used for private purposes.

! The policyholder must be the skipper.

What is not insured?

We cannot insure all conceivable cases. Otherwise we would have to demand a considerably higher premium. Therefore, we have excluded some cases from the insurance coverage, for example:

- X Damage due to intentional action;
- X Damage that occurs when participating in motorboat-races
- X the use of your own ship. There are many other insurance solutions, e.g. for skippers who take paying guests (berth charter).

Where am I insured?

✓ Charter insurance is generally valid worldwide except in Australia, U.S.A., Canada and New Zealand. Optionally, a coverage for the aforementioned countries is possible on request.

What obligations do I have?

- Pay the insurance premiums in due time and in full so as not to endanger the insurance cover.
- The questions in the application must be answered truthfully and completely.
- Let us know if there are any changes to your original details in the offer or later during the term of the contract.

In case of damage

- Inform us about every claim immediately.

- You are required, as far as possible, to avert and mitigate the threat of damage.

When and how do I pay?

The contributions have to be paid annually, usually via a direct debit authorization (SEPA). If you give us a direct debit authorization, please provide sufficient funds on your account, otherwise the coverage is endangered.

When does the coverage begin and end?

- The contract is concluded for the time specified in the insurance policy. Please note that the insurance coverage does not start until the first premium has been paid within two weeks of receiving the insurance certificate. In case of a direct debit authorization, coverage is independent from the time of transfer.
- If a contract period of 12 month is agreed, the contract is extended by one year each year, if we have not received your notice of cancellation at least one month before the end of the respective insurance year.
- If a contract period until 31st of December is agreed, the contract ends without a notice of cancellation.

How can I cancel the contract?

You or we may terminate the contract with a notice period of one month from the anniversary date of commencement. In addition, you and us have further termination rights. This includes e.g. the right that you or we can terminate the contract early if we have provided a service.

What is insured?

- ✓ The object of Skipper Liability Insurance is to examine liability claims asserted against you, to satisfy justified claims and to avert unjustified claims arising from the use of a chartered water sports vehicle. Skipper liability insurance is subsidiary, i.e. other insurance, in particular water sports liability insurance of e.g. organizers or charter companies are advancing this insurance.
- ✓ It covers the main liability risks in the private practice of water sports with a chartered / rented water sports vehicle. This includes, for example, the following damages:
- ✓ Damage caused by you to third parties or their property as a skipper of a chartered yacht.
- ✓ Property damage to the chartered yacht itself is exclusively insured as a result of **gross negligence**, provided that this is decided by a judicial decision or the express consent of the insurer. The agreed sum insured can amount to up to 10 million euros. The actual amount can be found on your insurance certificate.
- ✓ In addition, it is agreed that amounts up to € 100,000, that must be paid by the policyholder abroad will be paid in advance in order to be spared from prosecution measures for the time being (penalty deposit).

What is not insured?

- ✗ Property damage to the chartered yacht as a result of ordinary negligence or of no fault is not insured, because the hull insurance of the yacht or a charter-deposit insurance provides coverage in such cases.

Are there any coverage restrictions?

We cannot insure all conceivable cases. Otherwise we would have to demand a considerably higher premium. Therefore, we have excluded some cases from the insurance coverage, for example:

- ! Damage to the engine if caused by its improper operation;
- ! We pay for damages up to the agreed sum insured. If a deductible has been agreed, this must be taken into account for each insured event.

What obligations do I have in a case of damage?

- Liability damages are always to be reported immediately to the port captain, according to instructions of the port captain also to the police.
- Also report any damages immediately to the charter company.
- Support us in the determination and settlement of claims, for example by informing us about all court or administrative proceedings (e.g. dunning procedures or legal action) in connection with the damage you have suffered. Always file legal remedies (e.g. objection) within these procedures in due time. We then run the process on behalf of you and pay the costs. Give the solicitor the required information and provide the required documents.

What is insured?

- ✓ Insured is the skipper. The insurance coverage extends to all accidents on board of the water sports vehicle and the dinghy, which affect the legitimate occupants. It starts after entering and ends with leaving the boat
- ✓ Insurance coverage exists for accident events; these occur when the insured person involuntarily suffers damage to health as a result of an event that suddenly affects him/her from the outside. If agreed, the following types of benefits can be insured:
- ✓ Salvage costs - already if an accident threatens
- ✓ disability
- ✓ death

What is not insured?

- ✗ Accidents of the insured person caused by intentional crimes.
- ✗ Accidents that do not happen on board.
- ✗ Persons who need permanent care for the ordinary and regularly recurring activities of daily life and largely depend on foreign aid.
- ✗ Mentally or psychologically ill persons whose health disorder is so severe that they require institutional care or constant supervision.

Are there any coverage restrictions?

! Accidents caused by loss of consciousness as well as strokes, epileptic seizures or other seizures.
! Accidents caused directly or indirectly by war or civil war events.

What obligations do I have in a case of damage?

• The insured person must immediately consult a doctor, follow his orders and inform us after an accident that is likely to result in a benefit.

PROFESSIONAL CHARTER DEPOSIT-INSURANCE

YACHT-POOL
INTERNATIONAL

What is insured?

✓ Insured are the charter company's claims against the insured if he is held liable for a culpably caused damage to the chartered yacht.
✓ In the event of damage, the insurer is liable up to the amount of the damage, but no more than the sum insured stated in the insurance policy. The maximum amount that is insurable is the deposit agreed in the charter contract.

What is not insured?

X The regatta risk is excluded, unless it has been agreed separately.

Are there any coverage restrictions?

! The deductible applicable to each loss event shall be determined in accordance with the provisions set out in the insurance policy.
! If the damage was caused by gross negligence, a reduction of the replacement benefit can be made according to the extent of gross negligence.

What obligations do I have?

• The insured amount of the deposit must not be lower than the deposit agreed in the charter contract, otherwise the policyholder is underinsured. In this case, deposit losses are only regulated in proportion to the amount of the agreed deposit insurance to the amount of the security agreed in the charter contract.

PROFESSIONAL CONSEQUENTIAL DAMAGE-INSURANCE

YACHT-POOL
INTERNATIONAL

What is insured?

✓ The insurance covers the financial loss suffered by the owner or charter company of a yacht chartered by the policyholder because the yacht cannot be used for the subsequent charter due to culpable damage caused by the skipper or his crew.
✓ Returning too late due to weather (strong winds with peak gusts over 7 Bft.) or late returning due to personal injury, accident or acute hospitalization is also covered.
✓ In the event of damage, the insurer is liable up to the amount of the damage incurred, however, up to a maximum of EUR 25,000.
✓ The insured yacht length must not be less than the yacht length specified in the charter agreement

What is not insured?

X The regatta risk is excluded, unless it has been agreed separately.
X Downtime due to engine and transmission damage is not insured.
X Damage not caused by the charterer or his crew (force majeure, e.g. lightning)

Are there any coverage restrictions?

! In the event of late return of the yacht due to accidental personal injury, weather-related circumstances or in case of acute illness with hospitalization, no deductible will be charged. In all other cases, the first 3 days of downtime will not be replaced.

What obligations do I have in a case of damage?

As a condition for the settlement of claims, we require documents that specify the event and the right to compensation. Please refer to the insurance conditions.

What is insured?

- ✓ The cancellation fee that the skipper has to bear in the event of cancellation of the trip or no-show.
- ✓ If, due to the failure of the skipper, the trip is cancelled for all crew members, the entire cost of all travellers is insured – if applied and stipulated in the policy.
- ✓ the expenses of the skipper can be insured and must be explicitly noted in the policy.
- ✓ Under certain conditions, additional return travel costs and the resulting additional costs are insured.
- ✓ Insured reasons for the inability to travel or their unreasonable implementation can be:
 - ✓ Death or serious illness of the insured, spouse or close relative,
 - ✓ Serious damage to the property of the insured, which makes his presence necessary.
 - ✓ The sum insured can be found on your insurance certificate, it must correspond to the insured value of the entire insured travel services.

What is not insured?

- ✗ Travel failures caused directly or indirectly by war or civil war events, political violence, riots, civil unrest or nuclear energy.
- ✗ Resignation from travels due to pregnancy and all associated complaints and illnesses. (Unless otherwise agreed in advance)
- ✗ The insurance covers the costs that the policyholder (= skipper) has to bear due to his travel cancellation or

break. This may exceed the agreed sum insured, e.g. due to repatriation costs or other associated expenses.

Cancellation or break of crew members is not insured. For these we recommend a guest charter cancellation insurance.

Are there any coverage restrictions?

! The insurer is exempted from the obligation to pay if the policyholder was able to foresee the insured event at the time the insurance was completed (pre-illness) or if the policyholder / insured intentionally caused it.

! If the insured caused the damage by gross negligence, the insurer is entitled to reduce its performance in proportion to the seriousness of the policyholder's fault.

! We pay up to the agreed sum insured. If a deductible has been agreed, this must be considered for each insured event.

What obligations do I have?

- The sum insured must not be lower than the insured costs, otherwise underinsurance exists. In this case, benefits are only regulated in proportion to the amount of the insured sum to the actually insured costs.

In case of damage

- Cancel the trip immediately at the booking office or the agency and request a confirmation.
- For claims settlement, we require documents proving the cause and amount of the payment claim, in particular medical certificates.

YACHT-POOL-General Conditions for PROFESSIONAL SKIPPER INSURANCES

EU BS 20260722

This document is a translation. In case of doubt, the German original version applies.

§ 1 Base of Coverage

1. The general provisions on PROFESSIONAL SKIPPER INSURANCES apply to all insurances offered by YACHT-POOL. These are:

- Professional Skipper-Liability Insurance with Seizure Insurance
- Professional Skipper- Accident Insurance
- Professional Charter-Deposit Insurance
- Professional Charter-Consequential Damage Insurance
- Professional Charter-Cancellation Insurance

2. Professional Skipper Insurance is based on the written charter contract for water sports vehicles or the written contract with a third party for the service as skipper / sailing instructor or a written contract for the transfer of a water sport vehicle.

2.1 Private trips are co-insured if a written charter contract exists. In this case, the duration of the journey may not exceed 3 weeks of total duration per charter contract.

2.2 If there is no charter contract, the insurance can be completed after consulting YACHT-POOL. In such cases, you will receive the YACHT-POOL Privat-Charter Agreement, which must be submitted to and accepted by YACHT-POOL.

3. The skipper must be the policyholder. If the policyholder is not the skipper, there is no insurance coverage for the corresponding cruise. Any special agreements must be noted in the policy.

4. Only the services and insurance coverages agreed upon by the policyholder in the application apply. An increase in the insured sum during the contract period is possible after consultation.

5. The insurance can be completed at any time before the journey starts.

6. License Clause

6.1 If an official permit is required to operate a water sports vehicle, the insurer will remain exempt from the obligation to pay if the responsible operator does not have the officially prescribed permit when the insured event occurs.

6.2 The obligation to perform remains unaffected for the policyholder if the skipper was allowed to assume the license without fault.

7. The insurance is valid from receipt of the premium (see §2 article 1). If the policyholder is not responsible for the non-payment, then there is insurance coverage even without receipt of money.

8. Charter insurance has worldwide coverage except for the following regions: U.S.A., Canada and Australia. On request, additional coverage of the above-mentioned countries is possible.

9. Subsidiarity: Other insurances, in particular water sports liability insurance, are advancing YACHT-POOL insurances.

§ 2 General contractual arrangements

1. Payment of the premium

a) With debit authorization of the premium:

Insurance cover is provided (subject to the cover of the account) regardless of the time of actual debiting. The premium will be debited shortly before the agreed commencement of the insurance cover.

b) Payment by invoice:

Where payment is made by invoice, the premium must be paid immediately upon issue of the invoice and, in any event, prior to the commencement of the charter. Failing this, insurance cover may not be available in the event of a claim.

You are therefore strongly advised to arrange payment in good time, and no later than one week prior to the commencement of the charter.

c) (optional) If paying by credit card: The conclusion of the insurance contract is possible at any time, but at the latest before the journey starts.

2. Insurance Contract

a) The insurance contract is concluded by the receipt of the insurance certificate.

b) The insurance is valid for 12 months from the date of commencement of the insurance and is automatically extended, except in the case of special agreements noted in the policy (e.g.: charter cancellation insurance, which ends at the end of the respective trip).

The decisive factor is therefore only the beginning and the end of the policy.

c) The period of notice is one month before the end of the insurance year, unless otherwise agreed.

3. Damages

a) Damages must be reported as soon as possible, but no later than 4 weeks after the occurrence of the damage, to your responsible YACHT-POOL representative office, where you have been insured. All necessary documents are to be submitted to us swiftly after the damage. Otherwise the damage payment can be forfeited.

YACHT-POOL-General Conditions (AGB) for CHARTERINSURANCE 03
EU BS 20190110

b) The policyholder is obliged to provide all necessary documents and, in case of personal injury, to discharge the attending physicians from confidentiality on the instructions of the insurer.

c) If one of the aforementioned obligations or obligations specified in the individual insurance product is intentionally breached, the policyholder may lose his insurance cover. In the event of a grossly negligent breach of a duty, the insurer is entitled to reduce his performance in proportion to the seriousness of the policyholder's fault. If the policyholder proves that he did not violate the obligation by gross negligence, the insurance coverage will remain in place.

The insurance coverage will continue to exist if the policyholder proves that the violation of the obligation was not the cause for the occurrence or the determination of the insured event nor for the determination or the scope of the insurer's performance. This does not apply if the policyholder has fraudulently breached the obligation. The knowledge and the fault of the insured persons are equal to the knowledge and the fault of the policyholder.

d) Liability damages are always and immediately to be reported to the port captain, and according to the port captain also to the police. Otherwise the insurance cover can be omitted.

e) If an obligation of the charter contract and / or the yacht insurer is intentionally breached, the insurance cover may also be cancelled. In the case of a grossly negligent breach of a duty, the insurer is entitled to reduce its performance in proportion to the extent of the fault of the policyholder.

f) Regardless of § 2 Article 3 d, any damage must be reported immediately to the charter company. Failure to comply with that may result in that the insurance protection may be omitted in whole or in part.

4. Documents in case of damage

a) In case of claim we need the following documents: Charter contract, crew list, proof of deposit actually paid (credit card receipt, receipt), detailed cost statement of the charter company (invoice, cost estimate), detailed damage claims, signed by the skipper and crew and detailed (if available) damage report with pictures.

b) Additional documents required in the event of a claim are noted in the respective insurance division or are requested separately and must be submitted to YACHT-POOL. Otherwise the compensation payment can expire.

c) Authorized claims payments are made quickly!

5.1. Sanction clause for the insurer Zurich

Without prejudice to the other provisions of the contract, insurance coverage exists only to the extent and for which no economic, commercial or financial sanctions or embargos of the European Union or the Federal Republic of Germany directly applicable to the contracting parties are in conflict.

This also applies to economic, commercial or financial sanctions or embargoes issued by the United States of America with regard to Iran, insofar as this is not precluded by European or German legislation.

5.2. Sanction clause for the insurer AXA

Without prejudice to the other provisions of the contract, insurance cover exists only insofar and as long as no economic, commercial or financial sanctions or embargos of the European Union or the Federal Republic of Germany / Austria that are directly applicable to the contracting parties conflict. This also applies to economic, commercial or financial sanctions or embargoes issued by the United States of America with regard to Iran, insofar as this does not conflict with European or German / Austrian legislation.

1.2 If the Insured Person is held liable by the Principal for a hull damage loss caused through his or her fault and such claim is legally justified, the Insurer shall indemnify up to the amount of the loss incurred, but not exceeding the sum insured stated in the insurance application. 1.3 rental agreements between professional skipper and charterer as private persons require the prior consent of the insurer and must be available to YACHT-POOL upon application.

1.4 The maximum amount insured is the amount of the deposit agreed in the respective charter contract.

1.5 The insured amount of the deposit must not be lower than the deposit agreed in the charter contract, otherwise the policyholder is underinsured. In this case, deposit losses are only regulated in proportion to the amount of the agreed deposit insurance to the amount of the security agreed in the charter contract.

1.6 The deposit insurance does not release from the obligation to pay the deposit at the base unless otherwise agreed in writing with YACHT-POOL.

PROFESSIONAL CHARTER CONSEQUENTIAL DAMAGE-INSURANCE

This document is a translation. In case of doubt, the German original version applies.

1. Insured Risk

The insurance covers the legitimate financial loss suffered by the yacht owner or charter company as a result of property damage caused through the fault of the Skipper or the Skipper's crew and indemnifiable under the hull insurance, where the yacht cannot be used for the subsequent charter. The Insurer shall provide indemnity, provided that the charterer is legally liable to pay damages.

1.1 due to statutory provisions or

1.2 due to the provisions of the charter contract, or

1.3 due to weather conditions (e.g. due to strong wind with peak gusts over 7 Bft) a harbor located on the way to the destination was entered or could not be left and therefore the yacht could not be returned on time, or

1.4 due to personal injury caused by accident, or

1.5 due to acute illness with hospitalization, which does not enable the skipper and / or crew to return the vessel in time to the base. (In case of damage we need a medical certificate on the spot to regulate the damage in case of illness.)

1.6 The insured yacht length must not be less than the yacht length specified in the charter agreement.

2. Insured Persons

Insurance coverage is provided to the skipper as the policyholder and the respective crew members.

3. Provided Benefits

The insurer replaces the damage caused to the charterer by revenue shortfall in lost charter days. The insurer's assessment basis for the days of absence set out in point 1 corresponds to the daily rate resulting from the proportionate calculation of the yacht's pure charter (excluding additional services, such as flight costs etc.) in accordance with the charter contract of the subsequent charterer.

Days of drop out are only days for which the yacht was chartered prior to the occurrence of the claim and for which no yacht of the owner could be made available for alternative use.

Should the insured skipper be absent due to an accident, and there is no co-skipper to return the yacht to the base in time, the cost of a replacement skipper returning the yacht will be reimbursed in usual amount.

In the event of late return of the yacht due to accidental personal injury, weather-related circumstances (see section 1.3 - 1.5) or in case of acute illness with hospitalization, no deductible will be charged.

In all other cases, the first 3 days of absence will not be replaced. The total compensation shall be limited to the amount specified in the insurance policy.

4. Not insured

4.1 The downtime of the yacht due to engine failure,

4.2 Damage not caused by the charterer or his crew (eg force majeure, lightning, etc.),

4.3 Damage incurred in regattas, unless the cover of the regatta risk is agreed separately.

5. Obligations of the Policyholder

As proof of the damage occurred the following has to be provided:

5.1 Report of the damage signed by the skipper and all passengers of the yacht at the time of the damage event

5.2 Copy of the complete charter contract

5.3 Copy of the complete follow-up charter contract of the charterer, who was unable to take over the ship he had booked due to the damage

5.4 Report by the agency, or the charter company, to which vessel the subsequent charterer has been rebooked

5.5 Confirmation of the agency that it was not possible to transfer the booking to a suitable ship

5.6 License of the skipper

5.7 A meaningful weather report

PROFESSIONAL CHARTER CANCELLATION-INSURANCE

This document is a translation. In case of doubt, the German original version applies.

1. Level of Insurance

1.1 The insurer pays compensation to the policyholder:

1.1.1 for the cancellation fees contractually owed by the insured skipper to the charter company or any other expenses owed by the insured in connection with the trip e.g. flights, if they were also insured and noted in the policy.
